PANIC PRICES FOR ALL STOCKS

Market on the Toboggan with No Indication of a Letup—New York Market Way to the Bad and Copper Shares Don't Seem to Be Worth Anything.

(By I. N. Kinsey)
GLOBE, May 27.—New York stocks and a few of the coppers sold as low today as on March 14 last, when the worst panic in recent years occurred. Advices from the east say that there will be no falling off in the price of copper when the consumers will start for replenishing their supplies early in June.
No specific cause is assigned for the slump, but word from the east today is to the effect that there is no support—the big fellows are giving absolutely none and in some cases are throwing stocks overboard to grease the toboggan. There was a slight recovery before the close, but it was rather weak and the close was without support. Everything looks like lower prices still.
Calumet & Arizona sold off four points from the opening, closing at \$108. Shannon opened strong at \$18.12, but sold off in afternoon, closing at \$17.75. Superior & Pittsburg closed at \$15.87, the lowest reached since the March slump. Nipissing held strong in the face of the general decline, closing strong at \$11.37. Helvetia was very active during the day, sales being made at \$5.87, but closed weak at \$5.50.
Old Dominion suffered slightly in today's sag, closing one point off at \$48.25. There was no trading in Arizona Commercial or Calumet & Globe. Sales were made in Globe Consolidated at \$11.12, but very little was offered at that price. Superior & Boston was offered at \$2.50, though bids of \$2.37 failed to locate any of the stock.

CASTLE DOME VICTIM OF ERRONEOUS REPORT

A report published in the Silver Belt some time ago to the effect that the Castle Dome Mining company had closed down because of an unfavorable report by engineers was erroneous. Con McCormick, the original owner of the property, was in the city yesterday and he stated that the mine was closed down for the purpose of installing a compressor and drills owing to the hardening of the formation. McCormick states that a report was made on the mine by an engineer, but it was a very favorable one. The Silver Belt regrets greatly that the report was published, as it has done the company considerable harm, and gladly corrects the error. Mr. McCormick, who is manager for the company, states that the shaft is 140 feet deep and that it is becoming better with depth, a fact which is given in the engineer's report.

OPERATIONS ALL VERY BEARISH

Market Yesterday Shows Bears Have Control—Business Very Dull in New York and Boston—Look for Better Market Toward Close of the Week.

(By H. H. Bru Co.)
GLOBE, May 27.—Today's operations in stocks showed the professional bears were alert and equal to the occasion. A few of the stocks reached lower levels than in the March decline. The financial side of the market is on easy street, call money being quoted in Boston and New York from 1 1/4 to 2 per cent today. The sentiment of some of the large brokerage houses is still bearish. Business was very dull in both Boston and New York. We are informed that the stories of a large short interest have been greatly exaggerated and that in reality the long stock is coming out all the time. We advise sale of all speculative stocks on every rally.
We look for a better market the latter part of this week and would advise everybody to hold onto their holdings in good stocks and buy more, that is of the dividend-payers. The speculative stocks may still drop lower.
From private information we would advise investments in the Gibson Copper company's stock at the present prices quoted. This mine's production is increasing every day and with the present output it is a fancy investment stock. The recent strike on the fourth level is larger than was ever anticipated and of a higher grade of ore. This stock is bound to be selling around \$25 per share before next year.

Children Locked in a Trunk
Several children were found locked in a trunk last night in this city, but no one has been arrested for the offense yet, as it is only a moving picture at the Iris theater. This is a very funny one; don't miss it.
